I. Who We Are

Mission

Wissahickon Charter School was planned around three essential elements:

1. An integrated **environmental focus**, recognizing the importance of service learning
2. **Peace, conflict resolution, and community building** as part of a prioritized social curriculum
3. An emphasis on **family involvement** at all levels of the school organization, with special emphasis on parents as partners in the learning experiences of their children.

Our founders wrote that Wissahickon will provide a community of learning with an environmental focus that stimulates the child's intellectual, social, and character development.

II. Attendance

Attendance Policy

Consistent attendance assures that our students will not miss valuable instructional time and opportunities that will enhance their success in school. Students are required to be at school every day except for illness, approved religious holidays, funerals, medical and dental appointments, court appearances, quarantine or isolation for Covid-19.

Note that all of the Attendance policies apply to cases of or exposure to Covid-19. Please see Covid-19 Mitigations in this handbook in the section on Health and Wellness for more details.

Documentation Required for Excused Absence

- Illness: parent note unless more than 6 consecutive days or 10 total absences, then need a doctor's note
- Approved religious holidays: parent note
- Funerals: announcement card or obituary; if traveling, 3 days total will be excused (day of arrival, day of return, and day of funeral)
- Medical and dental appointments: doctor's note
- Court appearances: court summons
- Quarantine or isolation due to Covid-19 symptoms, exposure, or diagnosis. If a student fails their Ruvna screening, that is excused.

If a child is absent, the parent must notify the office by 8:30 am the morning of the absence. For each absence, an automated phone call will be sent alerting the family. All absent students are expected to submit a parental note within three days of the student's return including the date of absence, the reason for the absence, and a parent/guardian signature with a contact number.

If a student is absent 6 or more consecutive days due to an illness, parents must provide a doctor's note. We must make every effort to record attendance accurately and if a student misses school, it must be for a valid reason. If no reason is provided or our office is unable to verify an absence as excused, it will be counted as an unexcused absence.

Please notify the school's nurse if your child is ill with a communicable disease, i.e., chicken pox, strep throat, etc.

Attendance policy for unexcused absences

When a student is absent the first time, an automated call and/or email will be sent to the family.

- **3 absences** - Certified warning letter sent home, generated by the front office
- **6 absences** - Student attendance improvement conference with the Dean of Culture to establish/create a Truancy Elimination Plan (TEP). Please be advised that while the school will make every effort to hold a student attendance improvement conference at a time convenient for the student and caregiver and will work to reschedule in the event of unforeseen circumstances, we are required to hold an attendance improvement conference even in the event that the student or caregiver is unable to attend. **A student with six unexcused absences in a year must be reported as habitually truant.**
- **9 absences** - Student attendance improvement conferences with the site's administration (Fernhill- Principal or Assistant Principal; Awbury- Lower or Middle School Director) to review policy, provide support, and revisit the Truancy Elimination Plan, (TEP)
- **10 or more absences** - Attendance Review Committee (ARC) Meeting with the CEO or Director of Operations.

Potential next steps

Please note that if your child has ten (10) or more unexcused absences, you, as the parent or guardian, will be referred to Project GO at the Philadelphia District Attorney's Office and may be referred to the Department of Human Services (DHS) for truancy. Your child may also be referred by Project GO to Regional Truancy Court if attendance does not improve following a Project GO referral. A DHS or Truancy Court referral can only occur after an attendance improvement conference has occurred. If your child is referred to DHS or to Truancy Court, a DHS agency provider will be assigned to your case and will begin home visits. If the attendance does not improve or you do not participate in the voluntary services offered by the DHS provider, your case may be referred to the District Attorney's office. Please be advised that expulsion, suspension, or transfer will never serve as a consequence for truancy.

Lateness

Being prompt to school is a habit that will remain throughout life and will benefit your child's efforts. If your child is late for school, they must come to the office, sign in, and receive a pass to enter the classroom. In addition, Middle School students are responsible for checking in with their teachers to get any missed work. A parental conference will be requested if a student is habitually late to school, and Saturday School may be assigned.

Early dismissal

Whenever possible, appointments should be scheduled after school hours as they can interfere with your child's learning program. When children have appointments that require them to leave early, the following procedure must be followed:

- Send in a note stating reason for early dismissal that morning or come to the office to ask that your child be excused early;
- Notify the office if someone other than you is picking up your child (the person must be on the list of approved pick-up persons you submitted, and must have a photo ID for security reasons);
- You or the designated pick-up person must sign your child out with an office staff member.
- Those picking up students, including parents, **may not** go directly to the child's classroom.

There will be no early dismissals permitted after 2:30 p.m on regular school days, or one hour prior to dismissal time on early dismissal days.

No kindergarten through sixth grade student will be released from school during regular hours without being accompanied by an adult on their pick up list.

Drop-off & Pick-up of Students

Arrival and dismissal plans are subject to change, and families should always consult their respective campus' arrival and dismissal plan, the most current version of which will always be posted on our website in the "[Family Resources](#)" section.

Bus Students Drop Off Policy (1st & 2nd graders only)

Bus drivers will wait 10 minutes at the drop off site of record. If no parent is present, the bus driver will then bring the student back to the school. It is the parent's responsibility to retrieve the student from the school asap. A late fee will be applied. See the Late Pick Up Policy for additional information.

Late Student Pick Up Policy

Late pick up begins at 3:30pm (K-6) and 1pm on early dismissal days. Families and Daycares that are picking up students late MUST report to the Front Office. In the beginning of the school year a few warnings were given to allow families to solidify their after school arrangements. However, no more warning will be given after September 12, 2022.

Below are the steps WCS will follow when ANY student is picked up late:

| Number of Minutes Late: | Next Steps: |
|-------------------------|--|
| 15 Minutes | <ul style="list-style-type: none">● Parents are notified● Fee of \$1 per minute begins |
| 30 Minutes | <ul style="list-style-type: none">● Parents are notified again● Emergency contacts notified● Fee of \$1 per minute continues |

| 90 Minutes | <ul style="list-style-type: none">● All steps listed above in addition to notifying Law Enforcement |

Late Pickup Fee

Unpaid balances will carry over to the 2023-24 school year and will affect your child's ability to participate in school sponsored recreational activities and events. Please reach out to the front office staff with any questions about your balance. **Late fees will be assessed for each individual student.**

Building Access

Parents can only come into the building if they have an appointment. The school does not offer a public bathroom. Parents will no longer be allowed to drop off lunch for their students.

Enrollment

State law mandates that charter school enrollment be governed by lottery. Children who are not selected can be placed on a waiting list. Children who live outside of Philadelphia can apply if every interested child in Philadelphia already has been accepted. **Preference is given to applicants who are siblings of current WCS students enrolled as of February 1, 2023 so long as proof of guardianship and residence is confirmed. Preference is also given to children of staff and board members who are in their positions as of February 1, 2023. Parents of students who fall in the categories above SHOULD STILL COMPLETE AN ENROLLMENT APPLICATION BY THE DEADLINE. The deadline for applications for grades K – 7 will be January 23, 2023. The sole way to apply is through Apply Philly Charter (<https://applyphillycharter.org/> or (800) 891-3999). The lottery will be held on February 8, 2023.**

Emergency School Closing

Most local radio, TV, and cable TV stations broadcast school closing information beginning very early in the morning. In the event of inclement weather, Wissahickon Charter School will be closed any time that the School District of Philadelphia is closed. Further, there may be times when Wissahickon Charter School chooses to close even though the School District of Philadelphia chooses to remain open. Parents should plan ahead with their children for what to do in the event that school is closed for the day.

If it becomes necessary to close school during the school day, information will be forwarded to local media. We will also post information on our website, and have a message on our school voicemail. We will also send out a call using our alert system and ClassTag. Please make sure we have the most up to date contact information for you so that you can be assured of receiving the call and email.

Transportation

Bus transportation for all eligible students in grades 1-6 only will be provided by the School District of Philadelphia as required by Pennsylvania law. The School District contacts families directly indicating pick-up and drop-off locations and times.

Wissahickon Charter School's mission is to support children in their learning experience by providing them with a safe and respectful environment. Many families have chosen WCS even

though they live a great distance from the school. The bus transportation that is provided for students in grades 1-6 ONLY. through a leased bus service from the School District of Philadelphia. It's considered to be a privilege as well as convenience provided for families, but can and will be taken away if behaviors warrant such actions. School buses do not have bus attendants assigned to them; this can make student behavior challenging.

We must work together to foster growth and responsibility among our children for the safety of all students who ride the school buses. Children **must** be on their best behavior so that bus drivers can transport students safely to and from school. **It is imperative that parents support our Code of Conduct and reinforce the School Bus Behavior Policy.**

Students must adhere to the behavior policies or risk losing the privilege of riding the bus for the duration of the school year. Below outlines the expected student conduct on the school bus and disciplinary actions:

Expected Student Conduct:

- Abide by the Wissahickon Charter School Code of Conduct.
- Be respectful of the bus property and the property of others.
- Remain seated for the entire bus ride.
- Follow the bus driver's directions promptly the first time they are given.
- Follow all Covid-19 safety protocols

Disciplinary Actions:

- **First Incident - Warning Letter or Phone Call to Parent** (If actions are violent or unsafe, a warning will NOT be given and the student will be suspended from the bus for one month. Examples of unsafe actions include but are not limited to: hanging body parts out of the bus, throwing objects out of the bus windows or doors, opening the emergency back door without driver permission. Examples of violence include but are not limited to: fighting, hitting, inappropriate touching/language, or throwing an object at someone.) A meeting with parents/guardians will be required if a suspension occurs.
- **Second Incident – two-week suspension from the school bus and assigned seating upon reinstatement**
- **Third Incident – one-month suspension from the school bus and continued assigned seating upon reinstatement**
- **Fourth Incident - Dismissal from the school bus for the remainder of the school year. The child may not ride the school bus.**

If your student has their bus privileges revoked, it is important to note that a parent must continue to provide a means of transportation to the school for the student. Suspension from the bus does not mean suspension from school. **School attendance is mandatory. Parents are**

responsible for finding alternate means of transportation.

Additionally, conduct resulting in a suspension from the bus may also result in disciplinary action at the school. This may include, but is not limited to, Saturday school and community service or out-of-school suspension. Furthermore, you may be liable for property damage or injury caused by your child. If you have any questions or require additional information, please contact Director of School Operations Tiffany Days- Harris at 267.774.4370 ext 2263 (Awbury Campus) or via email at t.days-harris@wissahickoncharter.org.

HELPFUL HINTS FOR A POSITIVE SCHOOL BUS EXPERIENCE...

1. Remind your child of the school bus rules DAILY.
2. Send your child with a favorite chapter book or “bag of books”. Please write your or your child’s name in the covers.
3. If your child does not have a chance to eat breakfast, please have them save the food and drink until arrival at school.
4. Electronic music devices and other personal electronic devices may be used when traveling on the school bus. We cannot, however, guarantee the security of such items on the bus or in school.
5. If you have questions or concerns about a bus incident please contact Adrienne Oliphant immediately at 267.338.1020 ext. 4113 or via email at a.oliphant@wissahickoncharter.org

III. Academics & Extracurriculars

After School Program (ASP)

An after school program will be offered for students entering Kindergarten through 5th grade. Students in grade K-5 are welcome to enroll either full or part time. There will no longer be a drop-in option. There is a great need for aftercare in our school, and this will allow us to support as many students as possible every day. For the 2022-23 SY, the After School Program is scheduled to open on Monday, September 12th. Registration forms are available at the Front Office, and can be returned to Front Office staff. A completed registration form and the one-time Activities Fee of \$100 for every child you wish to register is due in order to hold a spot for that child. See the After School Program Handbook for any policies regarding ASP.

Contacting Teachers

Teachers are eager to speak with you to discuss your child’s progress or any concerns you may have about class procedures. To request a meeting, please email, send a note with your child, or leave a message for the teacher at their voice mail. Please include your telephone number and the time of day when you can be reached, and the teacher will contact you within 48 hours.

Extracurricular Activities

We offer a variety of extracurricular activities and sports, including but not limited to the following: basketball, cheerleading, chess, dance, GSA (Gender & Sexuality Alliance), My Daughter's Kitchen (cooking club), Reading Olympics, Student Council, Students Run Philly Style, wrestling and yoga. Most of these activities take place after school, either at the Fernhill or Awbury campus. Sometimes, they take place during the school day. In order to participate in our sports teams, students must meet required academic and behavior standards.

Field Trips

Field trips are planned to enrich and enhance the programs presented in the classrooms. Teachers may ask parents to contribute towards admission and/or the cost of transportation and will make every effort to let families know of costs well in advance of the time funds are due. No child shall be excluded from a class trip because of a family's inability to pay. If you cannot afford the cost of a trip, please inform your child's teacher. Occasionally there are funds to cover families in need.

The classroom teacher may recruit a specified number of parent volunteers to ensure that a minimum ratio of one adult for every ten children is maintained. Teachers will inform each volunteer of the specific responsibilities they may have to help facilitate student safety and focus students on the event. Other parents may attend if space is available. To be eligible to volunteer, family members must have completed their **PA Child Abuse and Criminal Record Checks**.

Students will only be excluded from trips if there is a safety concern for the student or others based on their previous behavior. Teachers will make a plan in advance for the placement of students who cannot attend the trip.

Cash-Free School

WCS is a cash-free school for transactions over \$5. All payment links for field trips, class dues, and any activity that requires a payment over \$5 will be posted on the Wissahickon website under the Family Payment section and sent to parents via Classtag. Links for payment will be sent via ClassTag and posted on the Wissahickon website under the Family Payment section. Payments will only be accepted through the Square link. There is no need to download the Square app. Parents do not need to have the Square app downloaded in order to make payment.

Grading

ACADEMIC GRADES

K-2: Kindergarten- second grade students are scored on a continuum from beginning to progressing to secure in each foundational skill. All kindergarten students receive interim report cards in the middle of each trimester. They receive 3 report cards, the first two include conferences and the final one is mailed home. Students with IEPs receive modifications to their assessments and report cards if noted in their IEP.

Third- Eighth Grade: Students in grades 3-8 receive letter grades (A-F) in each of the main content areas English Language Arts, Mathematics, Thematic Studies (3-5 only, a combination of Science and Social Studies) and in 6-8 in Science and Social Studies. Letter grades for students in 3rd-8th grades are comprised of a consistent combination of “mastery”, “practice” and “learning habits and skills”. For more information about the grading scales, contact the administration. WCS considers a score of “D” or “F” a failing grade. Students all receive an interim that is mailed home halfway through each trimester. They receive three report cards, the first two are conferences and the final one is mailed home. Students with IEPs receive modifications to their assessments and report cards if noted in their IEP.

NO ZERO POLICY

Research shows that a grade of “zero” does disproportionate damage to a student’s average when using traditional 100 point grading scales. In order to avoid that kind of irreparable damage, the lowest score a WCS student can be given will reflect 50% of the total possible points of the assignment.

Graduation

8th grade graduation is a time to celebrate great accomplishments by our students and both families and staff are encouraged to attend. Wissahickon Charter School, however, reserves the right to exclude any student from participating in the graduation ceremony if the student’s behavior doesn’t meet or has not met school expectations. Parents will be notified in advance if such a decision is made. Further, Wissahickon reserves the right to require students with failing yearly averages (D or F) to complete a year-end assignment or make up work in the relevant courses in order to participate in graduation.

Homework

Goals of homework include fostering individual responsibility; providing a chance for teachers and parents to teach organizational habits (e.g. keeping a list of assignments for that night, keeping homework in one place); allowing parental involvement so that they can both see the work that is assigned and see their child's ability in doing the work; and improving academic achievement (although interestingly, the research is inconclusive about how much it actually accomplishes in this last area).

Homework guidelines:

- In some classes throughout the school, parents/guardians will be asked to sign the homework of their child. Points or partial credit will be taken off if the homework is not signed.
- Each day, every student is required to complete independent reading at home. The amount and type of independent reading varies by grade level. Every student must also log their independent reading every day using the form provided by their teacher. This daily independent reading is essential in the development of fluent readers who read with accuracy and high levels of comprehension!
- In addition to independent reading, students' homework should be roughly around ten minutes per night per grade (i.e. 10 minutes per night in K and 1st grade, 20 minutes in 2nd grade, and so on). Please keep in mind that, while teachers will use this as a rule of thumb, the amount of time required for homework will vary from child to child.
- Students should be given homework that is at an appropriate difficulty level: While we want you as parents or guardians to know what your child is working on, homework should be work on the student's independent level. Homework is the student's work—not the work of their parents. Please notify your child's teacher if your child is having difficulty completing the homework.
- Two notes from the research on homework: 1) While homework can help us achieve the goals listed above, research suggests that too much homework may diminish its effectiveness and turn students off from academic work; 2) Children who are physically active have greater academic achievement. Both parents and teachers must keep in mind the need for balance between fitness and independent academic work.

Make-up Work

Upon request, we will make every effort to provide assignments for a child who is absent for **three days or more**. When an absence is anticipated, please let your child's teacher know ahead of time so that you and the teacher can work together to provide the necessary work

assignments during the period of absence. Middle school students are required to check in with their teachers to ensure they complete all missed work assignments.

Parties & Celebrations

- Classroom celebrations that align with our mission or our curriculum are encouraged. These include celebrations of student work (eg. publishing parties), celebrations of family (eg. Grandparents' Day), and celebrations of nature/seasonal change (eg. harvest celebration, winter celebration).
- Secular (non-religious) holidays may be celebrated in classrooms with the approval of Administrators. These include, but are not limited to: Thanksgiving, Martin Luther King Day, Valentine's Day.
- Religious observances are not permitted in deference to the varied religious beliefs of our students. Students may learn *about* religious holidays in an academic context or in the context of learning about the diversity of our student and family community.
- Halloween is also not celebrated. Halloween costumes, parties, or candy at school on this day are not permitted.
- For a child's birthday, parents may send in one treat (eg. cupcakes) for the entire class with advance permission from the teacher. Please do not send in additional food, drinks, or goody bags.
- To avoid hurt feelings, invitations to private parties will not be permitted to be given out in school.
- Families who do not wish to have their children participate in such events should notify the teacher. Family wishes should be respected, and such children should be exempted from participation in a way that does not cause embarrassment or distress to the child.

Promotion & Retention

Prior to the end of the school year, teams of teachers and administrators conduct an administrative review to determine if any child should be recommended for retention to increase the likelihood that a student will thrive academically, socially and emotionally in school, short and long term. For each child, these teams take into account reading skills, standardized test scores (if available), achievement grades, effort grades, other assessments and social emotional development. Concerns regarding the possibility of retention will be shared with parents at report card conferences, report card comments, or through personal outreach.

The Academic Team will meet to make a final decision and will communicate this with the family. While the perspective of the family is one important part of the decision, the school has the final say in these retention decisions. Retention for students with IEPs will be discussed in an IEP meeting and the decision will be made jointly by the whole team.

Please note that once a child is formally recommended for retention, this recommendation becomes part of the child's permanent Wissahickon Charter School records. In the event that the child transfers to another school, the child will still be retained.

Recess

As an environmental school, WCS believes in allowing all students time outdoors each day if weather permits. Please send your child to school with the appropriate clothing to comfortably spend time outdoors. In winter months, students will have outdoor recess if the Real Feel Temperature is 28 degrees or higher.

Special Education Services & Programs

The Wissahickon Charter School is required by the Individuals with Disabilities Act to provide a free, appropriate public school education to school age children with disabilities who need special education and related services. School age children with disabilities who need special education are identified as eligible for special education if they need specially designed instruction and have one or more of the following disabilities:

- Autism/pervasive developmental disorder
- Serious emotional disturbance
- Neurological impairment
- Deafness/hearing impairment
- Specific learning disability
- Intellectual Disability
- Multiple handicap conditions
- Other health impairment
- Physical disability
- Speech and language impairment
- Blindness/visual impairment

In compliance with federal law, the WCS will provide each qualified student the related services or accommodations that are needed to provide equal opportunity to participate in the school program, without discrimination to the student or family. For further information on evaluation procedures and provision of services parents should contact the school COO/CEO or their designee.

When considering the exclusion of a student with a disability that constitutes a change of placement, a process to determine if the behavior in question is a manifestation of the student's disability and respond accordingly.

Spiritual Expression

At WCS, we respect the right of students to appropriately exercise their spiritual expression, and we also recognize the need to prevent material disruptions to the learning environment. To honor these twin aims, WCS provides a private, peaceful location available to students during non-instructional time for spiritual expression, including prayer. For students to take advantage of this time and space, we require a note from a parent indicating that they wish their child to have access. Students presenting such a note will be able to go to the designated space during the last ten minutes of the lunch break. Staff will provide students a daily pass, which they must have with them at all times. As always, students must demonstrate responsibility, including following all school rules in traveling to and from the space and following the school schedule. If a student does not follow school rules or if he/she otherwise causes disruption to the learning environment, WCS shall give notice to a parent of the student regarding the issues. Upon a second violation, that student will temporarily lose access for a period not to exceed one calendar week. If after access is restored the student further violates school rules or otherwise causes a disruption to the learning environment, additional appropriate sanctions will be imposed, up to, and including, potential loss of use for the remainder of the school year.

Teacher Qualifications

As a parent of a student at Wissahickon Charter School, you have the right to request the professional qualifications of the classroom teachers who instruct your child. Specifically, you have the right to ask for the following information about each of your child's classroom teachers:

1. Whether the Pennsylvania Department of Education has licensed or qualified the teacher for the grades and subjects they teach;
2. Whether the Pennsylvania Department of Education has decided that the teacher can teach in a classroom without being licensed or qualified under state regulations because of special circumstances;
3. The teacher's college major, as well as any advanced degrees that they may have attained;
4. Whether any paraprofessionals provide services to your child, and, if they do, their qualifications.

If you would like to receive any of this information, please deliver a request in writing to the school. In addition to specifying the information which you would like to receive, please be

certain to include your name, address and a telephone number at which you can be contacted during the day.

Textbooks & Other Materials

All textbooks, workbooks and other school materials should be protected. Small reading books may be protected by placing them in Ziploc bags when conditions necessitate such care. **Parents are financially responsible for any damage, loss, or theft, including school computers.**

Tutoring

Periodically, Wissahickon Charter School will offer tutoring as an educational institution. In those cases, school leadership will identify and invite students who qualify to participate for free in the program with a predetermined WCS employee.

Parents and guardians are welcome to pursue tutoring for their children (who are WCS students) by WCS employees. To aid in this process, the front office will hold a list of employees who are interested in tutoring. Aside from identifying interested parties through this list, WCS is not responsible for any aspect of tutoring (scheduling, compensation negotiations, etc.).

Tutoring by WCS employees can happen on school grounds outside of regular school hours. Employees are not permitted to tutor students during school hours (including lunch breaks and preps). Employees are not permitted to tutor students enrolled in their own classes for compensation. Outside tutors are not allowed to tutor at WCS unless the tutor is contracted by WCS.

IV. Code of Conduct & Disciplinary Procedures

Mission Statement

POLICY STATEMENT

Wissahickon Charter School (“Wissahickon”) is committed to creating a safe, positive learning environment for all of our students, staff, parents, and community partners. Wissahickon will work to assure that all students and staff are well motivated, fully aware of their potential and dedicated to lifelong learning as competent and productive human beings. Wissahickon believes that all children can learn in a safe environment.

With everyone’s commitment to this Code, we can all create a proper learning environment at Wissahickon Charter School.

PURPOSE

Wissahickon has adopted this Code to support the creation of a safe learning environment for all members of the school community. The purpose of this Code is to clearly state our standards for acceptable conduct of students. This Code also explains the consequences of not meeting these standards. This Code is driven by our philosophy that restorative measures, paired with age-appropriate logical consequences, hold students accountable when necessary, while keeping all students safe. Wissahickon does not permit corporal punishment.

This Code also sets forth the discipline procedures for students who have committed violations of the Code. This Code is not meant to be a contract between Wissahickon and the students, and may be amended at any time. It is a place for Wissahickon to explain certain policies applicable to students.

SCOPE

This Code of Conduct applies to conduct of Wissahickon Charter School students that occurs:

- During such times as they are under the supervision of the school, including the time they are in attendance at Wissahickon Charter School as well as the time necessarily spent in coming to and returning from school;
- Off school grounds at any school-related activity, function or event;
- Off school grounds when the conduct may reasonably be expected to (i) endanger the safety of students, teachers, administrators, or any other member of the school community; or (ii) substantially and materially disrupt the school; and
- While traveling to and from school on school buses or vans, regardless of the Charter School or District of ownership, or on public transportation.

Overview

To foster a positive school culture at Wissahickon Charter School, priority will be placed on modeling and actively teaching positive behaviors such as cooperation, assertion, respect, empathy, challenges, kind and respectful communication, curiosity, self control and commitment to learning, cultivation of a feeling of connection and community, intellectual rigor, and compassionate responses to those who are upset or in need. Although the active teaching of positive behaviors will be of paramount importance at Wissahickon Charter School, the necessity of explicit prohibition of negative behaviors—with prescribed consequences when a prohibition is violated—is also recognized.

Accordingly, we stipulate that no student may engage in conduct, or encourage any other person to engage in conduct that jeopardizes or threatens the health, safety or welfare of any member of the school community, or that disrupts or undermines the educational mission of Wissahickon Charter School.

None of the consequences listed below will be applied in such a manner as to discriminate against any student based on race, sex, gender identity, color, religion, sexual orientation, national origin or disability. The Administration of Wissahickon Charter School will impose consequences for behavior that falls within the range of consequences for a particular violation of this Code. The severity and/or nature of the consequence imposed will be based on factors including, but not limited to, age of the student, number of prior offenses, disability, and/or severity of the violation.

Wissahickon Charter School has the right to impose consequences for acts or behaviors that are not specifically delineated within this Code if those acts or behaviors threaten the health, safety and/or welfare of other members of the school community, or if those acts or behaviors disrupt the learning environment.

Various means may be used by school personnel to discourage or extinguish undesirable behaviors. Some means will be “restorative” in the sense that they involve “making up for” damage that was done: for example, a student who mistreats another might be required to do something that restores the dignity of the victim (e.g., offer an apology in front of peers), or a student who damages property might be required to repair whatever damage was done. Other means might focus on encouraging greater self-awareness and compunction in the transgressor: for example, a transgressor might be required to write about the transgression, its consequences, and perhaps suggest what s/he would consider an appropriate punishment. Various other means will be used as well and may include counseling the student; conferencing with the parent(s); assigning extra responsibilities at school; assigning community service; or

imposing make-up time, Saturday school, in-school suspension, out-of-school suspension for up to ten (10) consecutive school days, or referral to the Board of Trustees for an expulsion hearing with a recommendation that the student be expelled for a period of more than ten (10) consecutive school days. Please note that students in grades K-2 will not be suspended for minor offenses.

Corporal punishment is defined as physically punishing a student for an infraction of the discipline policy. Use of corporal punishment is strictly prohibited by law and school policy. Teachers and school authorities may only use reasonable force under the following circumstances:

- (1) To quell a disturbance.
- (2) To obtain possession of weapons or other dangerous objects.
- (3) For the purpose of self-defense.
- (4) For the protection of persons or property.

Dress Code

Wissahickon's Dress Code is designed to allow students and their families the freedom to make choices about student clothing with the goal of them being comfortable and safe at school. WCS's Dress Code aims to be equitable to all genders by its design and it will lack all aspects of gender bias in its implementation. This applies to school days as well as all school sponsored events.

Basic Principle: Clothes must be worn in a way such that genitals, buttocks, breasts, and nipples are fully covered with opaque fabric.

Must Wear:

- Students must wear shirts covering their front and back as well as the sides under their arms.
- Students must wear pants or their equivalent (e.g. shorts, sweatpants, skirts, dresses, leggings).
- Closed toed and closed backed shoes are to be worn at all times.
- On PE days, students will wear sneakers along with the proper PE uniform. Gym shorts, t-shirts, or sweats are appropriate for P.E.

Students May Wear:

- Hats- as long as the face is visible to staff, and it does not interfere with the line of sight of any student or staff.
- Religious headwear
- Fitted pants, including opaque leggings, yoga pants and "skinny jeans"

- Ripped jeans, as long as underwear and buttocks are not exposed
- Tank tops, including spaghetti straps; halter tops
- Athletic attire

Students may NOT wear:

- Undergarments may not be visible (underwear/boxers, bras, undershirts). Straps are permissible.
- Piercings that pose a safety risk of any kind are not allowed, including large hoop earrings.
- Dress, accessories, and jewelry which contain obscene symbols, signs, or slogans, and/or which slur or degrade on the basis of race, religion, ethnicity, sex, gender identity, disability, or sexual orientation, contain language or symbols supporting sex, drugs, alcohol or tobacco, and impose a threat of imminent violence or disruption to the orderly operation of the school shall not be worn.
- Any item that obscures the face or ears (except for PPE).

Violation of the Dress Code:

When a student is deemed to be in violation of the dress code, the family will be called to bring the student a change of clothes. If this doesn't happen, the student goes to the Principal/Assistant Principal/Nurse to get appropriate clothing for the day to return by the next day.

- No student should be affected by dress code enforcement because of racial identity, sex assigned at birth, gender identity or expression, sexual orientation, ethnicity, cultural or religious identity, household income, body size/type, or body maturity.
- School staff shall not enforce the school's dress code more strictly against transgender and gender nonconforming students than other students.
- Students should not be shamed or required to display their body in front of others (students, parents, or staff) in school.

“Shaming” includes, but is not limited to:

- kneeling or bending over to check attire fit;
- measuring straps or skirt length;
- asking students to account for their attire in the classroom or in hallways in front of others;
- calling out students in spaces, in hallways, or in classrooms about perceived dress code violations in front of others;
- accusing students of “distracting” other students with their clothing

Behavior Intervention

No matter how diligently we work with students to establish goals and commit to agreements about how we need to behave to support those goals; no matter how carefully we set up routines and model and practice them, no trimester will pass without rule-breaking. It's part of the business of all children to test limits, but adolescents especially, are figuring out how power works, and to what extent they can operate independent of the adults who have so much of it. It's part of healthy growth toward adulthood to try things out on their own, and it's part of the job of educators to guide that process so students are safe and respectful to others while they learn to be responsibly independent.

However, from time to time the general program of discipline and management will not work for a student. Research supports that despite consistent efforts, a school-wide behavior model may not always work for 100% of the student population. Therefore, when Responsive Classroom (LS) and Developmental Designs (MS) fails to meet all of the needs of any student other interventions need to be put into place. These interventions are meant to support the student by providing additional structure and a clear plan for improvement. These structures are also meant to communicate more consistently with the parent, to ensure that the home and school are in agreement of the additional supports given to aid in ensuring that said student adheres to policies & procedures set forth by WCS. The Student Accountability Plan (referenced in this document) speaks to the General Program and Behavioral Intervention (BI) as it relates to student discipline and management of student behavior at WCS. The two levels of BI are identified and outlined below:

Prior to placing a child on Behavioral Intervention Level 1, any combination of the following systems and supports may be provided to students:

- Daily 30 minute Morning Meetings to reinforce CARES values of Cooperation, Academic Excellence, Assertion, Responsibility, Empathy, Self-Control & Stewardship
- Explicit teaching of responsive classroom and development designs as embedded in the curriculum and taught daily by all staff.
- Middle School Study Skills & Study Hall to support academic & social growth
- Creation of social guidelines with student input: Guidelines are created each year whereby students provide input to staff as a means to help hold students accountable and live out our daily agreements
- Social guidelines are reviewed consistently with students, posted in classrooms, common spaces and are mailed home to families.
- Assemblies to help reinforce CARES values

- Celebration of positive and consistent student behavior through CARES recognition
- Communication with families via email, telephone & in person meetings to discuss growth both academically and socially
- If a student is displaying disruptive behavior, a teacher may ask that student to TAB (Take A Break) 2-3 minute break away from the group in the designated spot marked The goal is to provide the student with space and time to reflect and quickly repair behavior.
- A student who has not responded to in-class redirections **might** need some time away from their regular environment and the opportunity to debrief with another adult and/or make a written plan to get back on the right track. At an appropriate later time, the teacher may have a short social conference with the student. This can happen at the door or inside the classroom (off to the side, between teacher and student only).

Behavior Intervention Level 1

- Students who consistently struggle to meet the behavioral expectations of WCS will be placed on Behavior Intervention (BI). This may include frequent breaks within and/or outside of the classroom, being sent to ReSet, calls home, meetings with families via phone & in person, make up time and suspension.
- The student, family and school staff meet at the onset of BI1 to go over the goal(s) for the student. Goals are set up to help students in areas where they struggle consistently. The student may have a managed behavior plan that must be signed by teachers and parent/guardian daily. The plan will have a points goal for the week for the student. Each student's plan will be tailored to fit them. While a specific percentage for every student isn't set in stone, each student is expected to show positive results on the behavior plan.
- Alternatives to the plan include regular texts and/or phone calls between school staff and parents/guardians.
- Family/School contact will occur at least **twice a month**, via an in-person meeting or phone call with the Dean of Culture (DoC) and or a designee. The Dean of Culture or the Apprentice Dean of Culture monitors students on BI, so they are the main contact between the school and family.
- Check in meetings with DoC
- Other aspects of BI may include: Make-up Time after school, Saturday Make-up Time, community service, sessions with counselor, peer mediation, mentoring by an adult ally, and other possible interventions that are agreed upon by the school and family. This list is neither exhaustive, nor necessarily relevant for every student on BI, but presents the most common interventions.

Behavior Intervention Level 2

- Students on BI2 have not met their goals on BI1, and continue to struggle with following the rules and expectations of the school. Even with the interventions on BI1 and a more focused and concentrated support given, the student doesn't progress.
- The formal contact with the parent is still twice a month, but one of these contacts must be in-person.
- Many of the same interventions/supports will be utilized for a student on BI2.
- Checks in with DoC will be more frequent.
- The team will take a look at the supports and interventions and make adjustments where needed; the goals on the behavior plan may be modified, and the points may be adjusted.
- **During BI2 family meetings, it is made clear that failure to show progress may result in a referral for an expulsion hearing, and if suspended while on BI2, the student can be brought up for expulsion.**

Discipline of Students with Disabilities

Wissahickon Charter School shall comply with the Individuals with Disabilities Education Improvement Act and any applicable federal and state statutes or regulations when disciplining students with disabilities. Students with disabilities who engage in inappropriate behavior, disruptive or prohibited activities, and/or conduct injurious to themselves or others shall be disciplined in accordance with their Individualized Education Programs (IEP), behavioral intervention plan, Title 22 Chapter 711 and relevant portions of Chapter 12 of the State Board of Education Regulations, IDEA 2004, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and any other applicable federal or state law.

Manifestation Determination

A manifestation determination must be conducted when a disciplinary change of placement occurs. Disciplinary change of placement occurs when a student with a disability, because of a violation of the school code of conduct, is removed from his/her current educational setting for: more than 10 school days consecutively; more than 15 school days cumulatively in a school year; when school days 11-15 constitute a pattern of exclusion; or an exclusion of even one school day for a student with an intellectual disability.

Within 10 school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct (except for a removal that does not constitute a change in educational placement i.e., is for 10 consecutive school days or less and not a change of placement), Charter School, the parent, and relevant members of the IEP Team (as determined by the parent and Charter School) must review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine:

- A. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- B. If the conduct in question was the direct result of Charter School's failure to implement the child's IEP.

If Charter School, the parent, and relevant members of the child's IEP Team determine that either of those conditions were met, the conduct must be determined to be a manifestation of the child's disability. If the IEP team answers "yes" to either question, and therefore determines that the behavior is a manifestation of the student's disability, the proposed disciplinary action is voided.

If Charter School, the parent, and relevant members of the child's IEP Team determine that the conduct in question was the direct result of Charter School's failure to implement the IEP, Charter School must take immediate action to remedy those deficiencies.

Anti-Bullying

Statement of intent

We are committed to providing a caring, friendly and safe environment for all of our pupils so they can learn in a relaxed and secure atmosphere. Bullying of any kind is unacceptable at our school. If bullying does occur, all pupils should be able to tell and know that incidents will be dealt with promptly and effectively. We are a TELLING school. This means that anyone who knows that bullying is happening is expected to tell a staff member.

What is bullying?

According to the Centers for Disease Control, the core elements of bullying include: unwanted aggressive behavior; observed or perceived power imbalance; and repetition of behaviors. Bullying results in pain and distress to the victim.

Examples of Bullying can include but are not limited to:

- Emotional: being unfriendly, excluding, tormenting (e.g. hiding books, threatening gestures)
- Physical: pushing, kicking, hitting, punching or any use of violence
- Racist: racial taunts, graffiti, gestures
- Sexual: unwanted physical contact or sexually abusive comments
- Gendered: because of, or focusing on an individual's gender identity and/or expression
- Sexuality-based: because of, or focusing on the issue of sexual orientation
- Religious: on the basis of someone's religious beliefs and/or practices
- Body Image-Based: taunting based on someone's body's size and/or stature
- Verbal: name-calling, sarcasm, spreading rumors, teasing
- Cyber and Mobile

Why is it important to respond to bullying?

Bullying hurts and no one deserves to be a victim of bullying. Everybody has the right to be treated with respect. Pupils who bully need to learn different ways of behaving and interacting with their peers. Schools have a responsibility to respond promptly and effectively to issues of bullying.

Objectives of this policy

- All administrators, teaching and non-teaching staff, pupils, and parents should have an understanding of what bullying is.
- All administrators, teaching, and non-teaching staff should know what the school policy is on bullying, and follow it when bullying is reported.
- All pupils and parents should know what the school policy is on bullying, and what they should do if a bullying issue arises.
- As a school we take bullying seriously and our students and parents should be assured that they will be supported and protected when bullying is reported.
- Bullying will not be tolerated.

Signs and symptoms

A child may indicate by signs or behavior that he or she is being bullied. Adults should be aware of these possible signs and that they should investigate if a child:

- Is frightened of walking to or from school
- Doesn't want to go on the school / public bus
- Begs to be driven to school
- Changes their usual routine
- Is unwilling to go to school (school phobic)
- Begins to be truant
- Becomes withdrawn anxious, or lacking in confidence
- Starts stammering
- Attempts or threatens suicide or runs away
- Cries themselves to sleep at night or has nightmares
- Feels ill in the morning
- Begins to do poorly in school work

- Is frightened to say what's wrong
- Gives improbable excuses for any of the above
- Is afraid to use the internet or mobile phone
- Is nervous & jumpy when a cyber message is received

These signs and behaviors could indicate other problems, but bullying should be considered a possibility and should be investigated.

Prevention

We will use WCS methods for helping children to prevent bullying. As and when appropriate, these may include:

- Signing a behavior contract
- Writing stories or poems or drawing pictures about bullying which shows how bullying can hurt people
- Reading stories about bullying, having group, class, and all school meetings and presentations that talk about and deal with bullying
- Role plays that demonstrate bullying, and how to combat it, if one is the victim, or bystander
- Discussions about bullying and how it not only impacts the individual but the whole school community
- Working with students who display bullying tendencies, and helping them understand how they hurt people and why they must stop.

Outcomes

- The bully (bullies) will be asked to genuinely apologize and to fix the situation. Other interventions may be used and/or consequences may take place.
- In serious cases, suspension or even expulsion will be considered.
- If possible, the pupils will be reconciled.
- After the incident/incidents have been investigated and dealt with, each case will be monitored to ensure repeated bullying does not take place.

Procedures

- Students or staff should report bullying to correct person: Students to any staff members whom they feel comfortable talking to – staff members to administrators (Directors and CEO).
- All verified cases of bullying will be recorded by staff.
- The bullying behavior or threats of bullying must be investigated with appropriate interventions used to deal with bullying behaviors.
- In serious cases or cases where there seems to be a pattern, parents will be informed and will be asked to come in for a meeting to discuss the problem.
- An attempt will be made to help the bully (bullies) change their behavior through peer mediation, meetings with the counselor, self reflection, parent meetings, and or/outside counseling, and if necessary school discipline, including suspension and as a last measure, expulsion.

- If necessary and appropriate, police will be consulted.

Anti-Harassment Policy

The Administration of Wissahickon Charter School is committed to maintaining an academic and work environment that is free of discrimination. In keeping with this commitment, the WCS will not tolerate harassment of any of its employees and/or students by anyone, including any administrator, supervisor, co-worker, student, teacher, vendor, or visitor of WCS.

Harassment consists of unwelcome conduct, whether verbal, physical, or visual, that is based upon a person's protected status, such as sex, gender identity, color, race, ancestry, religion, national origin, age, physical or mental handicap/disability, medical condition, marital status, veteran status, citizenship status, or other characteristic protected by Title IX of the Educational Amendments of 1972, Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, or other applicable federal and state laws and regulations. WCS will not tolerate harassing conduct that affects tangible job benefits, interferes unreasonably with a person's work performance or academic performance or creates an intimidating, hostile or offensive work environment or academic environment.

Sexual harassment deserves special mention. Unwelcome sexual advances, requests for sexual favors, and other physical, verbal, or visual conduct based on sex constitute sexual harassment when (1) submission to the conduct is an explicit or implicit term or condition of employment or academic performance, (2) submission to or rejection of the conduct is used as the basis for an employment or academic decision, or (3) the conduct has the purpose or effect of unreasonably interfering with a person's work performance or academic performance or creating an intimidating, hostile, or offensive working environment or academic environment. Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing," "practical jokes," jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, and physical contact such as patting, pinching, or brushing against another's body.

All WCS employees and students are responsible to help assure that harassment is avoided. If you feel that you have experienced, witnessed or have information regarding possible harassment, you should notify the CEO. Wissahickon Charter School prohibits retaliation against anyone who, in good faith, reports possible harassment, makes a harassment complaint, cooperates in a harassment complaint investigation or any related proceeding.

WCS's policy is to investigate all harassment complaints promptly and thoroughly. Interviews will be conducted, and all information gathered will be used to make an informed decision

about whether harassment has taken place. All Code of Conduct rules along with local, state, and federal laws apply. If an investigation confirms that harassment has occurred, the CEO will take corrective action, including, but not limited to, appropriate disciplinary action. Disciplinary action may include disciplinary proceedings and/or termination of employment. When the harassment is student to student, the school will use its Code of Conduct as a guide for punitive measures. This holds true for student to adult community member harassment as well. To the fullest extent practicable, WCS will keep complaints and the terms of their resolution confidential. Law enforcement will be contacted if there is an allegation of criminal misconduct.

For cases that specifically focus solely on issues of sex, gender, sexual preference, or gender identity, please refer below to our Title IX Policy.

TITLE IX POLICY

Title IX of the Education Amendments of 1972, 20 U.S.C. §1681 *et seq.*, protects students from discrimination based on sex in educational programs or activities that receive Federal financial assistance. Title IX states that:

No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, research, occupational training, or other education program or activity operated by a recipient, which receives Federal financial assistance.

This policy reaffirms the commitment of the Charter School (“Charter School”) to comply with Title IX. This policy covers student on student as well as employee on student sexual harassment.

The Charter School shall not retaliate against any person for opposing an unlawful educational practice or policy, or making charges, testifying or participating in any complaint or action under Title IX.

In providing any aid, benefit, or service to a student, the Charter School shall not, on the basis of sex:

1. Treat one person differently from another in determining whether such person satisfies any requirement or condition for the provision of such aid, benefit, or service;
2. Provide different aid, benefits, or services or provide aid, benefits, or services in a different manner;

3. Deny any person any such aid, benefit, or service;
4. Subject any person to separate or different rules of behavior, sanctions, or other treatment;
5. Aid or perpetuate discrimination against any person by providing significant assistance to any agency, organization, or person which discriminates on the basis of sex in providing any aid, benefit or service to students or employees;
6. Otherwise limit any person in the enjoyment of any right, privilege, advantage, or opportunity.

The Charter School has appointed a Title IX Coordinator to ensure its compliance with Title IX. The core responsibilities of the Title IX Coordinator will be:

- Coordinate Title IX efforts including the development, implementation, and monitoring of appropriate disclosures, policies, procedures and practices designed to comply with federal and state legislation, regulation, and case law requiring the prompt and equitable resolution of all complaints pursuant to Title IX;
- Provide leadership, direction and supervision for all activities and personnel of the Title IX program including consulting with relevant policy-making bodies and senior personnel for the purpose of advising, clarifying and identifying necessary action to eliminate sex and/or gender-based discrimination in all educational programs and activities, to ensure that access to facilities, opportunities, and resources is gender equitable throughout the district or campus;
- Provide ongoing training, consultation, and technical assistance on Title IX for all students and employees, with specialized training content for hearing officers/boards, investigators, campus law enforcement and appeals officers;
- Develop, implement and coordinate campus and/or school-based strategic efforts aimed at the prevention of sexual violence and other forms of sex and/or gender-based discrimination;

- Develop and disseminate educational materials, including brochures, posters, and web-based materials that inform members of the school or campus community (students, faculty, administrators, staff, and parents) of Title IX rights, responsibilities and resources both within and external to school/campus premises;
- Oversee prompt, effective, and equitable intake, investigation, processing, issuing of findings of fact, and timely resolution of all instances of sex/gender discrimination made known to responsible employees and/or reported or filed by students, faculty, employees, third parties, or by members of the broader community;
- Oversee Title IX compliance efforts of other campus/school delegates, departments and offices (e.g., investigators, student conduct/discipline, victim services, public safety, nurse/health services, counseling services, student affairs, human resources, faculty/academic affairs, athletics, etc.);

- Provide guidance and assistance to alleged victims of sexual violence and sex/gender discrimination including referral to support resources, notice of right to file internal grievances, notice of the right to grieve to the US Department of Education Office for Civil Rights, and notice of the right to report incidents to law enforcement;

- Organize and maintain grievance files, disposition reports, and other records regarding Title IX compliance, including annual reports of the number and nature of filed complaints and the disposition of said complaints, data collection, climate assessment, pattern monitoring; and
- Serve as the main contact for government inquiries pursuant to Title IX.

Sexual Harassment Title IX prohibits sex-based harassment by peers, employees, or third parties that is sufficiently serious to deny or limit a student’s ability to participate in or benefit from the recipient’s education programs and activities (*i.e.*, creates a hostile environment). In accordance with U.S. Department of Education’s Office of Civil Rights (“OCR”) Guidance, a variety of related factors must be considered in order to determine if a hostile environment has been created. It directs the conduct in question to be viewed from both a subjective and an objective perspective. Specifically, OCR’s standards require that the conduct be evaluated from the perspective of a reasonable person in the alleged victim’s position, considering all the circumstances. The more severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment, particularly if the conduct is physical. A single or isolated incident of sexual violence may create a hostile environment. Sexual harassment includes, but is not limited to, sexual advances, request for sexual favors, or other verbal or physical acts of a sexual nature when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of a student's success in school;
- Submission to or rejection of such conduct by a student is used as the basis for school decisions affecting such student; or Such conduct has the purpose or effect of unreasonably interfering with a student's work performance or creating an intimidating, hostile, or offensive school environment.

Gender-Based Harassment

Title IX’s sex discrimination prohibition extends to claims of discrimination based on gender identity or failure to conform to stereotypical notions of masculinity or femininity and OCR accepts such complaints for investigation. Gender-based harassment is another form of sex-based harassment and refers to unwelcome conduct based on an individual’s actual or perceived sex, including harassment based on gender identity or nonconformity with sex stereotypes, and not necessarily involving conduct of a sexual nature. Similarly, the actual or perceived sexual orientation or gender identity of the parties does not change a charter school’s obligations. Recent court cases have recognized acts of harassment directed at a person because of gender to be sexual harassment, regardless of the intent behind the act. The Charter School adopts this interpretation as part of its policy

Allegations of Sexual Harassment Occurring Off School Grounds

Title IX applies with equal force to conduct off Charter School grounds so long as it occurs in the context of an educational program or activity of the Charter School. Such programs and

activities include but are not limited to activities that take place during Charter School sponsored field trips, athletic team or school band travel and other events for Charter School clubs that occur off campus. Once the Charter School is put on notice of out of school sexual violence against a student, it must investigate and determine whether the conduct may have continuing effects that create a hostile environment as if the conduct had occurred at school. If a student files a complaint with the school, regardless of where the conduct occurred, the school must process the complaint in accordance with its established procedures. Because students often experience the continuing effects of off-school grounds sexual harassment in the educational setting, the Charter School should consider the effects of the off-school grounds conduct when evaluating whether there is a hostile environment at the Charter School. For example, if a student alleges that they were sexually assaulted by another student off school grounds, and that upon returning to the Charter School they were taunted and harassed by other students who are the alleged perpetrator's friends, the Charter School should take the earlier sexual assault into account in determining whether there is a sexually hostile environment. The Charter School also should take steps to protect a student who was assaulted off school grounds from further sexual harassment or retaliation from the perpetrator and their associates.

Sexual harassment is a violation of federal and state laws and may expose not only the Charter School as a school entity, but individuals employed by the Charter School, to significant liability under the law.

When the Charter School knows or reasonably should know of possible sex-based harassment, it will take immediate and appropriate steps to investigate or otherwise determine what occurred. If an investigation reveals that the harassment created a hostile environment, the Charter School will take prompt and effective steps reasonably calculated to end the harassment, eliminate the hostile environment, prevent the harassment from recurring, and, as appropriate, remedy its effects.

Examples of Prohibited Conduct

The following are examples of acts that violate Title IX. These examples are not to be construed as an all-inclusive list of prohibited acts under the policy:

A. Physical assaults of a sexual nature, such as:

1. Rape, sexual battery, molestation or attempts to commit those offenses, or committing an act with intent to cause fear in another of immediate bodily harm or death; and

2. Intentional physical contact which is sexual in nature, such as touching, pinching, patting, grabbing, brushing against or poking a student's body, or touching of the clothing covering the immediate area of the complainant's intimate body parts.

B. Unwelcome sexual advances, propositions or other sexual comments such as:

1. Sexually-oriented gestures, sounds, remarks, jokes, or comments about a person's sexuality or sexual experience directed at or made in the presence of any student;

2. Preferential treatment or promise of preferential treatment for submitting to sexual conduct, including soliciting or attempting to solicit any student to engage in sexual activity for compensation or reward; and

3. Subjecting or threatening to subject a student to unwelcome sexual attention or conduct, or intentionally making success in school more difficult because of the student's gender.

C. Display of publications anywhere within the Charter School's control such as:

1. Displaying pictures, posters, cartoons, calendars, graffiti, objects, promotional materials, reading materials, music, or other materials that are sexually suggestive, sexually demeaning, or pornographic.

Exceptions will be considered in situations where nudity or sexually explicit language is necessary to convey a message important to public health or safety or are otherwise pedagogically appropriate. Subject to the foregoing exceptions, visual material will be presumed to be sexually suggestive if it depicts a person of either sex who is nude or seminude or who is posed for the obvious purpose of displaying or drawing attention to private portions of their body;

2. Displaying or publicizing, in any virtual classroom environment, materials that are sexually revealing, sexually suggestive, sexually demeaning or pornographic;

3. Displaying signs or other materials purporting to segregate a student by gender on the Charter School computer network system; or

4. Possession of such material in a manner that it is reasonably foreseeable that they might be seen by others.

D. Sexual Favoritism:

The granting or withholding of Charter School opportunities and benefits including, but not limited to, assignments, discipline, and progress marking and reporting constitute Title IX violations when based on sexual favoritism, and is prohibited.

E. Other Forms of Title IX Violations:

Other conduct that has the purpose or effect of unreasonably interfering with a student's work performance or learning conditions on the basis of gender may also constitute violations, and therefore, is prohibited. Examples of conduct which, when based upon gender, violate Title IX, include:

1. Assigning disagreeable or unsafe assignments; or not making comparable assignments that would tend to disadvantage a student's development;
2. Withholding information, materials, equipment or supplies which are necessary for the efficient performance of an assignment;
3. Unreasonably failing to cooperate or assist students with school-related matters;
4. Interfering with a student's efforts to satisfactorily complete an assignment;
5. Maintaining unequal standards of performance;
6. Ostracizing students, or otherwise making it known to students that they are not welcome because of their gender; or
7. Referring to students by sexually denigrating or insulting names because of their gender.

F. Retaliation for Title IX complaints. A non-exhaustive list of examples of retaliation may include:

1. Arbitrary discipline, threats, unwarranted change of assignments, providing inaccurate information, or failing to cooperate or discuss school-related matters with any student because that student has complained about, been a witness to or resisted Title IX prohibited harassment, discrimination or retaliation; and
2. Intentionally pressuring, falsely denying, lying about, or covering up or attempting to cover up conduct such as that described in any item above.

Making a Complaint

The Charter School will:

1. Publish a Notice of Nondiscrimination on the Basis of Sex in its education programs and activities, including that Title IX requires it not to discriminate in such a manner. The notice must state that inquiries concerning the application of Title IX may be referred to the Charter School's Title IX Coordinator or to OCR. It will include the name or title, office address, telephone number, and e-mail address for the Charter School's Title IX Coordinator. The notice will be prominently posted on the Charter School's website and at various locations throughout the Charter School and published in electronic and printed publications of general distribution that provide information to students and employees about the Charter School's services and policies;
2. Designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under Title IX that include overseeing all Title IX complaints and identifying and addressing any patterns or systemic problems that arise during the review of such complaints. The Title IX Coordinator or designee will be available to meet with students as needed; and
3. Prominently post this policy (including the compliance procedures contained in this policy) on the school website; send it electronically to all members of the school community; make it available at various locations throughout the Charter School; and summarize it or attach it to the school's handbooks, codes of conduct, and catalogs for students, parents of elementary and secondary students, faculty, and staff.

Should the Title IX Coordinator be the person accused of the sexual harassment or should the complainant feel that the Title IX Coordinator is in some way responsible for the Title IX

violation, the complainant may bring their concerns directly to the attention of the Chief Executive Officer (“CEO”), who will follow the procedures outlined below.

Complaint Procedures

The student may seek either an informal or formal resolution of their complaint:

A. Informal

The student or their parent may request the Title IX Coordinator to intervene by notifying the alleged offender that the specific offensive behavior(s) will not be tolerated. In such case, the Title IX Coordinator must meet with the alleged offender, take a statement with regard to the allegations, and, if warranted, require that the alleged offender participate in non-disciplinary counseling. The alleged offender, if they are a student, shall have the right to have their parent present during the meeting with the Title IX Coordinator. The Title IX Coordinator shall document, in writing, all actions taken regarding investigation of the allegations, including statements of other student(s) and/or school administration/staff/contractor(s) or volunteer(s). The complainant must be notified of the right to end the informal process at any time and begin the formal stage of the complaint process. Moreover, in cases involving allegations of sexual assault, an informal resolution or mediation is not appropriate even on a voluntary basis.

B. Formal

A student who believes that their rights, including Title IX rights, have been violated or a parent, who believes that their child’s right, including Title IX rights, have been violated, may file a complaint requesting a formal investigation into the allegations. Formal complaints shall be taken in writing by the Title IX Coordinator and signed by the complainant. A thorough and complete investigation shall be conducted by the Title IX Coordinator.

This investigation shall determine: (1) whether or not the conduct occurred; (2) whether the conduct constitutes a violation of this policy, and, (3) if the conduct was a violation, what actions the Charter School will take to end the violation, eliminate any hostile environment, and prevent its recurrence, which may include imposing sanctions on the perpetrator and providing remedies for the complainant and broader student population.

To the extent possible and allowed by law, confidentiality shall be maintained within the confines of the investigation of the alleged prohibited behavior. All parties will be treated with dignity and due process.

C. Interim Measures

During the pendency of an investigation, the Charter School will take reasonable interim measures in order to prevent further possible Title IX issues. These may include taking steps to avoid further contact between the complainant and the alleged perpetrator by removal of the alleged perpetrator from complainant's homeroom/classroom, transportation, lunch, extracurricular activities and other school day activities/programming in which contact is foreseeable. The Title IX Coordinator shall provide the complainant with periodic updates on the status of the investigation.

The Title IX Coordinator shall also ensure that the complainant is aware of their rights, including Title IX rights, and any available student assistance programs and resources, such as victim advocacy, academic support, counseling, disability services, health, and mental health services. The Title IX Coordinator shall also inform the complainant of their right to seek outside legal assistance and of their right to report a crime to local law enforcement.

Even when a Title IX Coordinator has determined that the Charter School can respect a complainant's request for confidentiality and therefore may not be able to respond fully to an allegation of sexual violence and initiate formal action against an alleged perpetrator, these interim measures may be taken to protect the complainant while keeping the identity of the complainant confidential.

D. Confidentiality

Before a student reveals information that they may wish to keep confidential, the Charter School should make every effort to ensure that the student understands:

1. The Charter School employee's obligation to report the names of the alleged perpetrator and student involved in the alleged sexual violence, as well as relevant facts regarding the alleged incident (including the date, time, and location), to the Title IX Coordinator, other appropriate school officials, local law enforcement and Child Line pursuant to Mandatory Reporter duties;
2. The student's option to request that the Charter School maintain their confidentiality, which the Title IX Coordinator will consider; and

3. The student's ability to share the information confidentially with counseling, advocacy, health, mental health, or sexual-assault-related services. If the student requests confidentiality, the Title IX Coordinator should make every effort to respect this request and should evaluate the request in the context of the Charter School's responsibility to provide a safe and nondiscriminatory environment for all students.

Procedures for Investigating and Resolving Complaints

A. Title IX Coordinator

The Title IX Coordinator shall be capable of conducting a thorough and complete investigation and shall seek advice and assistance from the Board of Trustees if the Title IX Coordinator believes that they lack the capacity to conduct a thorough and complete investigation of the alleged misconduct. If the Title IX Coordinator or the CEO is the one accused of violating a Student's rights, including Title IX rights, the Board will appoint a qualified individual who is not employed by the Charter School to conduct the investigation.

B. Conducting Investigations/Holding Hearings

The Title IX Coordinator receiving a complaint, including a Title IX complaint, shall take the details of the complaint in writing and have the complainant sign it. All Title IX complaints against a student shall be received, investigated and disposed of in accordance with the procedures set forth in this Policy,

- The Title IX Coordinator shall meet with every complainant to listen and understand the allegations. The complainant may have their Parent(s) present during any such meeting. The accused, if they are a student, shall also have the right to have their parent(s) present at any meetings with the Title IX Coordinator as well.
- From these meetings, the Title IX Coordinator will conduct an adequate, reliable, and impartial investigation of complaint(s), which includes interviewing and obtaining statements from any witnesses of both the complainant and alleged perpetrator, and the review of all evidence presented. Parties will be provided updates until a determination is made in writing.
- The complaint will be decided using a preponderance of the evidence standard (*i.e.*, it is

more likely than not that sexual harassment or violence occurred).

- Even though FERPA limits disclosure of certain information in disciplinary proceedings, the Title IX Coordinator will disclose information to the complainant about the sanction imposed on the perpetrator when the sanction directly relates to the complainant. This includes an order that the perpetrator stay away from the complainant, or that the perpetrator is prohibited from attending school for a period of time, or is transferred to other homeroom/classes in the Charter School building.
- If the Title IX Coordinator makes a decision finding that the complainant's allegations are substantiated by a preponderance of the evidence, the appropriate level of discipline consistent with the Charter School's strong policy against Title IX misconduct will be determined by the CEO, Title IX Coordinator and any other Administration as part of the Charter School's Board approved disciplinary process. If the Title IX Coordinator or the CEO believes that the imposition of in school suspension, out of school suspension, or expulsion against an accused student may be appropriate, then an informal or formal hearing shall be held. The formal disciplinary procedures contained in the Charter School's Code of Conduct shall be followed for such hearings to assure due process protection for the accused. Documents regarding substantiated charges of sexual harassment shall be placed in the accused student's file. Documents regarding unsubstantiated charges shall not be placed in student files, but shall be maintained by the Board of Trustees in a confidential file established expressly for retaining complaints of Title IX complaints against students.
- Notice of the right and how to appeal this decision will be included with the Decision to both students and Parents.

C. Other Reporting Requirements

If the complaint involves sexual assault, rape or conduct of a criminal nature, the local Police Department shall be contacted and a report of the incident made by the Charter School, in accordance with law enforcement. A report must also be made by any mandatory reporter to Child Line and the Department of Public Welfare in accordance with the Charter School's Board approved Mandatory Reporter Policy. If there is any question of whether the conduct complained of constituted criminal activity, the Charter School's Board Solicitor should be contacted immediately. Knowledge of a law enforcement investigation does not relieve the Charter School of its independent obligation to investigate the misconduct.

D. Training

Employees will be trained so that they know to report harassment to appropriate school officials, and so that employees with the authority to address such misconduct know how to respond properly. Training for employees will include practical information about how to identify types of conduct that constitute sexual harassment or violence, how to identify warning signals that may need attention and how to report sexual harassment and violence. This training will be provided to any employees likely to witness or receive reports of sexual harassment and violence, including teachers, school security, school administrators, school counselors, and health personnel. All persons involved in implementing a recipient's grievance procedures (*e.g.*, Title IX Coordinators, investigators, and adjudicators) must have training or experience in handling complaints of sexual harassment and sexual violence, and with the Charter School's grievance procedures. The training also will include applicable confidentiality requirements. In sexual violence cases, the fact-finder and decision-maker also will have adequate training or knowledge regarding sexual violence.

Additionally, the Charter School will ensure that staff members are capable of providing culturally competent counseling to all complainants. It will ensure that its counselors and other staff who are responsible for receiving and responding to complaints of sexual violence, including investigators and hearing board members, receive appropriate training about working with Lesbian/Gay/Bi-sexual/Transgender and gender-nonconforming students and same-sex sexual violence.

The Charter School will also ensure that any school reporting forms, information, or training about sexual violence be provided in a manner that is accessible to students and employees with disabilities, for example, by providing electronically-accessible versions of paper forms to individuals with print disabilities, or by providing a sign language interpreter to a deaf individual attending a training.

To ensure that students understand their rights under the laws cited herein, the Charter School will provide age-appropriate training to its students regarding Title IX and sexual violence. Training may be provided separately or as part of the Charter School's broader training on sex discrimination and sexual harassment.

The Charter School may include these education programs in its orientation programs for new students, faculty, staff, and employees, training for student athletes and coaches, and school assemblies and "back to school nights." These programs will include a discussion of what constitutes sexual harassment and sexual violence, the Charter School's policies and

disciplinary procedures, and the consequences of violating these policies.

The Charter School also will include such information in their employee handbook and any handbooks that student athletes and members of student activity groups receive. These materials will include where and to whom students should go if they are victims of sexual violence. These materials also will tell students and school employees what to do if they learn of an incident of sexual violence.

CONCLUSION

If any section of this procedure is declared invalid, the remaining sections shall remain valid and unaffected.

Grievance Policy

At WCS we are proud of the positive relationships that we have with families and caregivers. Throughout the year there may be times where parents feel like they have concerns that need to be addressed. However, the school also has an obligation to protect its personnel from

unnecessary harassment. It is the intent of this policy to provide an impartial means of seeking appropriate remedies.

When the issue is academic in nature, the parent **must** speak with the teacher first (school leadership will always direct families back to the teacher), if there is no success between the teacher and parent, the parent should request, **in writing**, a meeting with the Principal. They will have one week's time to address the concerns presented by the parent. The parent has the right to ask to meet with the **CEO** if the parent still feels like the concerns weren't addressed. CEO must **receive** the concern in writing, and will respond within **10 school days** to the parent, and determine next steps.

Parents also have the right to address the Board of Trustees about concerns that they have, if they have exhausted other options. Concerns **must** be submitted in writing and addressed to the Board Chair. The Board Chair will respond to the concerns in writing after having time to review the issue. Please allow at least **1 week** for the Chair to respond. In order to speak at Board meetings a request must be submitted in writing to the Board Chair at least one week prior to Board Meetings. Please note that Board Meeting dates are highlighted at the front of this document. Parents may also email the concern to BoardChair@wissahickoncharter.org The response time from the Board Chair will be the same as noted earlier.

V. Health & Wellness

Crisis Intervention

Any suggestion, demonstration or communication of an intention to commit suicide or to kill someone must be taken seriously. The school recognizes that self-destructive behavior and suicide occur among children and adolescents. Students that experience depression, and other mental health issues associated with depression, pose a serious threat to themselves and others. If a student threatens to harm, kill, maim themselves or to inflict similar harm on others, we will suggest that the child be taken to a crisis center. If there is immediate danger, Wissahickon reserves the right to call a crisis center to come to the school to intervene or to call local law enforcement for support.

Food & Beverages

WCS believes that a healthy diet can help students in all aspects of life (physical, mental, social, emotional, academic, behavioral, and more). We serve a free healthy breakfast and lunch daily. Students are also welcome to bring lunch to school. Candy and soda are not allowed at school. The Front Office does not accept lunches dropped off by parents. If your child does not come to school with their lunch already, then a nutritional free lunch will be provided to them.

Breakfast and lunch are provided daily by Linton's Managed Services. The program fits with the school's environmental mission, offering whole fruits, whole grains, less processed foods, and less wasteful packaging. Breakfast and lunch are offered to all students free of charge. We encourage families to take advantage of the breakfast and lunch menu. If you need any assistance, contact the Cross-Site Food Services Coordinator.

Illness

It is the responsibility of the parent and/or guardian to ensure that a child attends school in good health and prepared to learn. Lingering illnesses should be treated by a doctor.

If a child becomes ill during the school day, he/she will report to the nurse's office and be given attention. ***Please advise your children that they should not personally call home if they feel ill but should go to the main office or the nurse's office.***

If the child must be sent home, the parent or guardian will be called and is expected to come to school to pick up the sick child. ***It is imperative that emergency contacts are kept up-to-date so that a responsible adult can be reached at all times.***

Please contact the school nurse at 267-338-1020 (Fernhill) or 267-774-4370 (Awbury) if there are any changes in your child's health that must be addressed.

Immunizations

All pupils must be completely immunized or exempted before admission to any public, parochial, or private school in Pennsylvania. This is required by the Pennsylvania Department of Health, the Philadelphia County Board of Health, and the Wissahickon Charter School.

The purpose of requiring immunization is to protect pupils from preventable communicable diseases and their medical and educational complications.

Requirements from The Pennsylvania Code- Subchapter C. IMMUNIZATION 23.81, amended May 28, 2010, effective August 1, 2011, and from the Philadelphia Board of Health Regulations Governing the Health of Newborns, Children and Adolescents, published 2009.

*Or documentation of a history of chickenpox immunity proven by laboratory testing or a written statement of history of chickenpox disease from a parent, guardian or physician.

*On the first day of school, unless the child has a medical or religious/philosophical exemption, a child must have had at least one dose of the above vaccinations or risk exclusion. If a child does not have all of the doses listed above, needs additional doses, and the next dose is medically appropriate, the child must receive the dose within the first five days of school or risk exclusion. If the next dose is not the final dose of the series, the child must provide a medical plan (red and white card) within the first five days of school for obtaining the required immunizations or risk exclusion.

If a child does not have all of the doses listed above, needs additional doses, and the next dose is not medically appropriate, the parent/guardian must provide a medical plan (red and white card) within the first five days of school for obtaining the required immunizations or risk exclusion.

**Only 3 doses of Td-containing vaccine are necessary if series is started on/after 7th birthday, if at least one dose is given as Tdap.

***Or documentation of a history of chickenpox immunity proven by laboratory testing or a written statement of history of chickenpox disease from a parent, guardian or physician.

****On the first day of 7th grade, unless the child has a medical or religious/philosophical exemption, a child must have had the above vaccines or risk exclusion.

There are two exemptions:

1. Religious Exemption – Pupils need not be immunized if the parent or guardian objects in writing to the immunization on religious/ethical grounds.
2. Medical Exemption – Pupils need not be immunized if a physician or their designee provides a written statement that immunization may be detrimental to the health of the child. When the physician determines that immunization is no longer detrimental to the health of the child, the medical exemption ceases to be valid and the child must be immunized.

In the event of an outbreak of a disease for which the child is exempt from the requirement to be immunized, that child will be excluded from school until a competent medical authority determines that the child may return, or until the child is appropriately immunized.

Disposition of Immunization Records

When transferring from one school to another, parents should request the Certificate of Immunization from the current school and take it to the new school. No pupil will be admitted

to a new school without the certificate. The Certificate of Immunization shall follow the pupil when he/she transfers, graduates, withdraws, or otherwise leaves WCS.

Medications

Children are not permitted to bring any medication to school or to self-administer any kind of medication. Should the occasion arise that a student must take medication during the school day, the medication must be prescribed by a physician and arrangements must be made through the nurse's office. The physician must send written orders that include the diagnosis, dosage, and the time to administer the medication during the school day. All medications and prescriptions are to be brought to the nurse in their original bottles and kept in the health office. Over-the-counter drugs – including cough medicine, aspirin, etc.—must also be accompanied by a physician's note.

Nurse's Office

The school nurse handles a variety of student concerns each day and maintains medical records on each student. Please inform the nurse of any special health problems. When the nurse is not in school, the Director of School Operations (or their designee), who has received proper training by the Student Health Services provider (MACCS), may administer emergency medication under the guidelines established by the Pennsylvania Health Services Commission.

Covid-19 Mitigation

Priorities and Approach

As WCS begins the 2022-23 school year, our approach to managing and mitigating Covid-19 is shifting to place more responsibility on individuals. It is important to the health of the whole school community for every individual to be aware of these policies and to abide by them. Healthy communities must be re-created every day by the ethical actions and decisions of their members.

The practices herein have been designed in consultation with federal and local guidance.

Wissahickon's top priorities regarding Covid-19 are:

- To prevent the spread of Covid-19 through the use of masks as needed
- To safely minimize time out of school and maximize attendance
- To return to pre-pandemic levels of extracurricular activities for students and community wide events

Note: The practices and approaches described herein are subject to change as the climate and knowledge of Covid-19 evolves.

Attending School:

Wissahickon Charter School asks all community members to revert back to pre-pandemic metrics for determining whether to attend school. If your child feels too sick to come to school, please keep them home. If your child has Covid-19 symptoms* but feels well enough to attend school, please test them at home and send them to school if the test is negative. If the test is positive, you must keep your child home and inform your child's teacher and the school nurse (Fernhill: fcnurse@wissahickoncharter.org; Awbury: acnurse@wissahickoncharter.org). If you do not have a test and your child feels well enough to attend school, please let your child's teacher know and your child will be tested for Covid-19 by the Nurse.

We will not send home a Symptom Screener (RUVNA) daily this year. Note that students may never attend school with a fever. All students must be fever-free for 24 hours before attending school. You are responsible for monitoring your child's health and following the recommendations listed above.

***Covid-19 Symptoms:**

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

If your child displays or complains of symptoms at school, they will be sent to the Nurse's office for assessment.

Masks:

Recommended masks (N95, KN95, and KN94) along with proper ventilation are considered our best tools at stopping the spread of Covid-19. Wissahickon will use multiple factors to determine whether the community must wear masks or if masks are optional.

Masks at Wissahickon will be mandatory for everyone if/when any of the following are true:

- Philadelphia County's Covid-19 Community Level is High. You can check the level at the [CDC website](#). (Note that this is not the same as the Transmission Level).
- The School District of Philadelphia mandates masks for all of their schools. If the SDP determines guidance that results in some of their schools mandating masks, WCS will use that same guidance.
- Wissahickon has high levels of Covid-19, as advised by the Philadelphia Department of Public Health. Currently (as of 7/30/22), PDPH recommends 10 days of mandated masking when more than 5% of the school population has Covid-19.

Additionally, Wissahickon will mandate masks for all community members after breaks when students and staff may have experienced heightened opportunities for exposure to Covid-19.

Wissahickon will mandate mask wearing for two weeks at the following times:

- the first day of school (Thursday, September 1) through Friday, September 16
- the two weeks following Thanksgiving break
- the two weeks following Winter Break
- the two weeks following Spring Break

NOTE: All guests, vendors, and family members must adhere to the mask requirements of WCS at the time of their visit.

Finally, Individuals will always have the right to wear a mask. Further, Wissahickon recommends that anyone with Covid-19 symptoms wear a mask even if they have a negative test result.

Positive Cases of Covid-19 & Exposure Scenarios, Next Steps

Student A Has Covid-19

- If Student A is in the building and tests positive for Covid-19, staff will collect their belongings, isolate them, and send them home. Student A will need to be isolated at home for 5 days from the day after the date of the positive test. If they are asymptomatic and test positive and then symptoms develop, the 5 day isolation must begin again. For days 6-10, Student A may return to school wearing a mask and eating separately from others.

- If Student A tests positive at home, families must keep them home and call the school Nurse to report the date of the positive test. The above details regarding isolation also apply here.

Student A Has a Sibling at WCS

- If Student A lives with someone (e.g. a sibling) who is in the school, the Nurse will retrieve the sibling and test them. Regardless of the result of their test, they will also need to be sent home because they have an *on-going household exposure*. In the case of on-going household exposures, the sibling must quarantine for 5 days along with Student A, as well as 5 additional days.
 - If the sibling does not test positive at any time in this 10 day window, they can return for days 11-15 as long as they are wearing a mask and eating separately from others.
 - If the sibling does test positive at any time in the first 10 days, then they must stay home, isolated, for 5 days from the date of the positive test and then return for days 6-10 with the same criteria previously mentioned.
- Note: no student can return with a fever regardless of the dates and timelines referenced above.

Student A's Exposure to Others

- Everyone in the homeroom of Student A will immediately start wearing masks that the school will provide. The class will wear masks for a full ten days from the date of the positive test. This program is called Mask to Stay and allows students who are exposed to Covid-19 to stay at school rather than being quarantined at home.
- Contact tracing is no longer recommended by the CDC and Wissahickon will no longer contact trace. This means that WCS will no longer track down every person who has been in close contact (closer than 6 ft for 15 minutes or more within a 24 hour period) with Student A. We recognize that students have opportunities to be with others outside of the homerooms (e.g. through electives, small learning groups, the After School Program, extracurricular activities, and more) and that these are places where Covid-19 could potentially spread. We will focus on homerooms as exposures because this is the group with whom Student A has spent the most time and where exposure is most likely.
- Wissahickon has the right to determine on a case by case basis if anyone outside of a homeroom also needs to follow any exposure protocols.

- Note: if Student A was not in the building when they tested positive and has not been at school for 48 hours prior to the positive test, there are no next steps for anyone else as no exposure has occurred.

Student Work During Isolation/Quarantine: WCS will no longer provide special packets of work when students are isolated for 5 days with positive cases of Covid-19. WCS may still provide work in the event that a student has a longer quarantine period at home because of an *on-going household exposure*. In the scenario above, Student A would not be given any special work but could continue with existing class assignments if they felt healthy enough to do so. Student A's sibling who would have a longer quarantine time, could qualify for some special work provided.

Community Communication:

WCS will work to communicate in a timely manner with all stakeholders about Covid-19 on an as needed basis.

- Families of students who are being assessed and/or tested by the Nurse will receive a direct phone call. In the scenario above, Student A's family would receive a direct call.
- All families whose children are in Student A's homeroom will receive a message through ClassTag that their child needs to wear a mask for 10 days from the date of the test. No information will ever be shared about who has tested positive for Covid-19.
- All staff will receive an email to share that the homeroom is now mandated to wear masks. Again, no information will be shared about who has tested positive for Covid-19.

Who to Contact:

- Regarding health related questions: Contact the Nurse (Fernhill: fcnurse@wissahickoncharter.org; Awbury: acnurse@wissahickoncharter.org)
- Regarding absences related to Covid: Contact the Front Office to have any absences excused.
- With feedback or concerns about these policies: Contact Kristi Littell, CEO, at littell@wissahickoncharter.org

VI. Safety

Building Security & Visitors Policy

Our school building is equipped with security cameras to ensure the safety of all.

In order to maintain a safe and secure environment for all children and to protect valuable instructional time, all visitors must report directly to the office. **Parents can only come into the building if they have an appointment or if they have business in the building.** All parents, guardians, visitors and volunteers are required to sign in and out at the office. All visitors or non-school personnel must wear a badge or name tag visible to others.

No one is permitted in the halls, in the lunchroom, in classrooms, or in the playground without prior authorization from the office or a staff member. **The school does not offer a public bathroom. Parents will no longer be allowed to drop off lunch for their students.**

As of January of 2016, all parent volunteers must have PA Child Abuse and Criminal Record Checks on file at the school. These clearances will be held in the school's main office and as otherwise required by law.

Emergency Drills

Students will participate in one fire drill per month. By law, fire drills are required, and are important to ensure the safety of students and staff.

- It is essential that when the signal is given, everyone responds promptly and clears the building as quickly as possible by the prescribed route which is posted in each classroom and office.
- Silence is always observed during the fire drill.
- Classes assemble at the predetermined location.
- Students who are not in the classroom when the alarm is sounded will leave by the nearest exit and be checked in by the staff member they're with.
- Noncompliance with these regulations is a serious infraction and will result in disciplinary action.

There will also be two Shelter-in-Place drills per year. Unannounced drills are to prepare students and staff for any emergency that may arise that would require the building to be evacuated.

Lockers

Each middle school student is assigned a locker and s/he is responsible for that locker only. Such lockers, shelves or cabinets remain the property of Wissahickon Charter School at all times. Any student tampering with a locker other than his/her own is subject to serious disciplinary action. A student is never permitted to trade lockers with another student, nor is s/he permitted to occupy an unused locker. Lockers may be used before class in the morning, at the teachers' discretion and after the students' last class. Unfortunately, lockers are not absolutely safe and the following suggestions should be heeded:

- Valuable items should not be stored in them.
- Make sure the locker doors are completely shut.
- Jackets and coats should be marked discreetly so they can be identified.

Mandated Reporting

It is the policy of the Wissahickon Charter School that all of its employees are to be aware of, and comply with, the Child Protective Services Law of the Commonwealth of Pennsylvania. This law makes it mandatory for WCS school employees to report suspected cases of child abuse and/or neglect and must file a report with the Department of Human Services. Compliance with the laws of Pennsylvania and the policies of WCS will serve to protect everyone concerned.

Personal Property

Parents are requested to place the name of their child clearly on all personal items such as coats, jackets, book bags, lunch boxes, etc. Please encourage your child to be responsible for looking for and finding lost items. The Lost and Found Box is located across from the main office. If a student's property is damaged by another student, it is left to the families to resolve the issue. WCS assumes no responsibility for damage to personal property.

Care should be taken when you approve of your child bringing valuable or irreplaceable items to school. The school cannot be responsible for items that are lost, damaged, or otherwise missing. Also, please review the dress code located in this handbook.

Items not permitted

- Electronic games, pagers, walkman, radios, CD players, I-pods, MP3 players, and headphones are not permitted in the school. We recognize that many of these items are used by students as they ride the school bus to and from school. **Please make sure your child understands that the device must be put away as soon as they walk through the school doors and the device can't be seen or heard.** *If the device is seen or heard, it will be confiscated by the adult present and locked in a secure place. Once confiscated, it may only be retrieved by a parent or adult designated representative, and make-up time will be required by the student.*
- Dangerous items/weapons are not permitted in school such as: razors, pen knives, hunting knives, matches, pointed objects, guns, mace, pepper spray, etc. (Knives should not be sent in school lunch containers.)
- Students may not bring items to school for the purpose of selling to students or teachers. Trading of pogs, baseball cards, or similar materials on school property is not permitted. No fundraising or product sales are permitted in school unless authorized by the CEO.

- Any item not permitted in school will be confiscated and only returned to a parent. If the item is deemed dangerous, and the authorities are called, the item will be turned over to the authorities. Items that are not permitted in school, and are confiscated on more than one occasion, will not be returned until the end of the trimester.

Search & Seizure

The Board of Trustees acknowledges the need for safe in-school storage of books, clothing, school materials and other personal property. Lockers, shelves or cabinets may be provided. The Board of Trustees reserves the right to authorize the Administration or designee to inspect a student's storage space when such has a reasonable suspicion to believe that the storage space is improperly used for the storage of contraband, a substance or object the possession of which is illegal or any material which poses a hazard to the safety, sanitation and good order of the school.

A student's person and possessions may be searched by the Administration provided that the individual has reasonable grounds to suspect that the search will turn up evidence that the student had violated or is violating either the law or the rules of the school. Prior to a locker search, students shall be notified and given an opportunity to be present. When school authorities have a reasonable suspicion that the locker contains materials that pose a threat to the health, welfare or safety of students in the school, student lockers may be searched without prior warning.

Any illegal or prohibited materials seized during a student search may be used as evidence against the student in a school disciplinary hearing or proceeding and may be turned over to law enforcement authorities.

§ 12.14. Searches.

(a) The governing board of every school entity shall adopt reasonable policies and procedures regarding student searches. The local education agency shall notify students and their parents or guardians of the policies and procedures regarding student searches.

(b) Illegal or prohibited materials seized during a student search may be used as evidence against the student in a school disciplinary proceeding.

(c) Prior to a locker search, students shall be notified and given an opportunity to be present. When school authorities have a reasonable suspicion that the locker contains materials that pose a threat to the health, welfare or safety of students in the school, student lockers may be searched without prior warning.

VII. Student Information

Contact & Custody Information

Parent location forms were collected at registration before the beginning of the school year. These forms are our primary source of emergency information. For the well being of the students, it is important that the forms have been completed and returned to the school. Please notify the school office if you have changed your address, home or work telephone numbers, emergency contact persons, or any other pertinent information. It is important to have current information should an emergency arise. Please be sure to inform the person(s) you have selected as your emergency contact(s).

In addition, **a copy of any Court order or agreement affecting the custodial rights of a parent should be filed with the school.**

Failure to keep your child's school informed about your current address and telephone number may result in your not receiving notices of important academic, disciplinary and/or health information, and can result in the loss of your right to participate in important decisions.

Family Education Rights and Privacy Act (FERPA)

Access To and Release of Pupil Records

The WCS will provide parent access to the educational records of their child. The access rights of parents consist of:

- The right to inspect and review the contents of education records.
- The right to obtain one copy of the education records at no charge and additional copies, if requested, at a charge.
- The right to receive from school personnel an explanation and interpretation of the education records.
- The right to a hearing to challenge the contents of the education records.
- The right to bring an attorney or parent advocate to the review of education records.

A parent seeking access to education records may make a request by telephone, in writing or in person to the CEO or designee. However, prior to reviewing and inspecting education records, a parent must sign an official request form. Every attempt will be made to expedite delivery of records to parents as soon as possible, but in every case access to education records will be granted within forty-five days of the receipt of the written request as required by law.

After examining their child's educational record, parents may request a hearing to challenge the contents of the record. The purpose of the hearing is to establish the accuracy of the record. At an informal meeting between the parents and the CEO or designee, an attempt will be made to

answer any questions raised by the parents. If the questions are not resolved, a formal meeting is conducted in the office of the CEO.

No education record may be released to a third party without the consent of the parents. However, education records may be released, without the consent of the parent, to other school personnel in the school, or to another school system to which a student transfers. Also, in compliance with a judicial order or subpoena, education records may be released without the consent of parents, provided the parents are notified in advance.

Pupil directory information, which includes: the pupil's name; address; telephone number; date; and place of birth; grade level; photographic likeness; major field of study; dates of attendance; degrees and awards received; participation in officially recognized activities and sports; the most recent school attended by the student; and the weight and height of members of the athletic teams, may be released without the consent of parents unless the school is notified annually by the parents not to release the information without their prior consent.

State law provides that the following additional conditions will apply regarding the educational records of special needs students:

- If you ask to see your child's records you must be allowed to do so prior to a conference regarding an individualized education program and prior to a hearing regarding the identification, evaluation, or placement of your child.
- You may name another person to look at your child's records if you wish to have their advice.
- You may ask for a list of the types and locations of the records kept about your child.
- The school will keep Special Education records for five years. You will be sent a notice by mail shortly before the records would be destroyed and advised of your right to obtain them for your own or the student's use. It is your responsibility to provide the school with your current address so that you will receive this notification.

McKinney-Vento Homeless Education Assistance Act

The McKinney–Vento Homeless Education Assistance Act guarantees a free and appropriate public education for all homeless children and youth. “Homeless” is defined as “anyone lacking a fixed, adequate, regular nighttime residence.” B.E.C. 42 U.S.C. 11431 outlines procedures for deciding school placement, enrolling students, and determining responsibility. Federal and state laws make our responsibility clear. With the huge number of homeless children currently attending Philadelphia public schools, we must provide proper educational support and services.

What situations fit this definition?

- Staying in the home of other people due to unavailable housing, financial hardship, or similar circumstances
- Living in motels, hotels, trailer parks (in some instances – examples: leaking roof, no heat, etc.), public places, or campgrounds due to unavailable suitable housing options
- Living in an emergency shelter or transitional housing
- Unaccompanied (not living in direct care of legal parent or guardian) or runaway youth
- Refugee and migrant youth

How does McKinney-Vento help these students?

The law makes sure that these students receive a free and suitable public education by removing barriers to school enrollment and full, basic, daily participation in school activities.

This includes:

- Immediate enrollment
- Free and Reduced School Lunch
- Help from school with any necessary enrollment documents
- Help from school setting up transportation service (if the student qualifies)
- Help from school with getting basic uniform clothing
- Help from school with basic school supplies
- Help from school with any basic clothing needs
- Help from school with basic high school graduation needs and expenses

Where can I find more information?

You can visit the [PA Education for Children and Youth Experiencing Homelessness](#) site.

You can contact our school-based liaisons:

- Aitiya Hobson, School Counselor, Fernhill
- Abigail Beljean, School Counselor, Awbury

Press Release

Throughout the school year, students will be involved in activities or projects that may be newsworthy. We enjoy publicizing the good things that happen at our school. In these cases, the children's work and/or pictures and names may be published in one of the local papers. In addition, children's work and/or pictures may also appear on the Internet along with their first names. If you would not like your child seen in WCS publications or on WCS social media, please make your child's teacher and the main office aware.

VIII. Technology

Student Equipment Policy

Subject to the terms of this Agreement, Wissahickon Charter School (hereinafter referred to as WCS) will allow its students to use a WCS-owned Chromebook (grades 3-8), iPad (grades k-2), or laptop computer (which, together with installed software, peripherals and attachments make up the "Equipment") at the student's home for purposes of participating in learning at school and at home through the WCS's learning management system as required by the WCS Education Plan.

1. WCS owns the Equipment and through this Agreement shall permit its use by all of the students listed below.
2. Students agree to read, comply, and accept the terms and conditions of the WCS's Acceptable Use of Internet, Computers and Network Resources (AUP), and the AUP's Administrative Regulations.
3. The Student agrees to participate in all assigned learning activities both in school and at home via the WCS Learning Management System as directed by the WCS Educational Plan, and agrees that this is the sole purpose for which the WCS gives Student the use of this Equipment.
4. Students and Student's parents/guardians (collectively "Student's family") agree that they shall each and together be responsible for the security, care, custody, and control of the Equipment at all times. Lost/stolen or damaged Equipment must be reported to directly to the Technology Department immediately via email at helpis@wissahickoncharter.org
 - A. Where Student claims theft of Equipment, Student shall also report the theft to the police or if the theft took place on school property, to the appropriate Principal who will report to the police. Students shall cooperate with the police in any subsequent investigation.
 - B. The cost of Equipment stolen, damaged or lost through Student's misuse, neglect or negligence may be paid by Student and Student's family, up to replacement cost for the stolen, damaged or lost Equipment. Where appropriate, Student or Student's family may choose to file a claim with the family's homeowner's/renter's insurance and pay only the applicable deductibles.

5. Any Student who violates this Agreement or utilizes the Equipment for a purpose that violates the AUP or any other WCS policy will be subject to discipline, where applicable.
6. Users shall have no expectation of privacy when using WCS's resources and devices such as the Equipment, and the Equipment is subject to search upon a reasonable belief that evidence of a crime or violation of any WCS policy may be found there. Further, the Technology Department will monitor and enforce the AUP regarding the following:
 - A. Applications and other software ("Apps") installed on WCS owned devices are subject to review, and the Technology Department will remove any unauthorized Apps.
 - B. Internet access on the Equipment will utilize WCS's filtering software. Any attempt by Student to circumvent the WCS's internet filters will be a violation of this Agreement and the WCS AUP.
 - C. Authorized Apps on the Equipment are the property of or licensed to WCS and shall not be transferred to personally owned devices under any circumstances.
 - D. The WCS's Technology Department shall be solely responsible for the installation of permitted Apps and the repair of damaged or malfunctioning Equipment. Students shall not install or permit the installation of unauthorized Apps on WCS owned devices or attempt to repair any damaged or malfunctioning Equipment.
 - E. The WCS assumes no liability for the preservation of unauthorized Apps installed or data stored on the Equipment. If a device is lost or stolen, or if the WCS's Technology Department finds unauthorized or modified Apps on the Equipment, WCS may wipe/erase all data, Apps, and settings on the Equipment without regard for the loss of data.
7. Upon WCS's demand for the return of the Equipment or at the point that Student is no longer enrolled in WCS, whichever is earlier, Student shall surrender the Equipment together with all peripherals and attachments to WCS technology department. If the Student fails to return all the Equipment, peripherals and attachments as required, the Student's family agrees to pay the fair market value of the unreturned items.

Upon surrender of the Equipment for re-issue to another user, the Technology Department will fully erase the Equipment and restore it to all factory settings which will destroy all data on the Equipment.

8. Disclaimer: WCS makes no warranties of any kind, either expressed or implied, that the functions of the Equipment, Apps, or other programs provided will be error-free or without defect; WCS will not be responsible for any damage users may suffer, including, but not limited to, loss of data or interruptions of service; WCS is not responsible for the accuracy or quality of the information or data stored on the Equipment; and WCS will not be responsible for any financial obligations arising through the unauthorized use of the device or resource.

Cell Phone & Smart Watch Policy

Updated June 2019

Cell phones have become a way of life, a technological convenience that has impacted all of our lives in one way or another. However, in the school environment, cell phones have become a distraction, interruption, and a method of illegal exchange of information. The ringing of cell phones during class and constant text-messaging takes away from the valuable time needed for instruction and most importantly, student learning.

No student will be allowed to use a cell phone during school hours, on school grounds or school-sponsored activities. This includes lunch, recess, transitions, entry, and field trips. Students in grades K-4 must keep their phones off and secured in their backpack stored safely in the classroom. Students in grades 5-8 will turn them in to the designated staff member to be secured and locked upon arrival to homeroom. Wissahickon Charter School does not assume responsibility or financial liability for cell phones while they are in our possession. If a student is using a cell phone during the school day or if a 5th-8th grade student did not turn it in, WCS will take the following actions:

- *1st time:* Verbal warning
- *2nd time:* Phone taken for the day; call to parent/guardian (K-4th) and/or CARES tan point (5th-8th)
- *3rd time:* Adult who sees/hears device calls home for parent/guardian pick up; same adult gives phone to front office for parent/guardian pick up with sticky note (name of student, homeroom # and their (adult's) name)

If a student refuses to give her/his cell phone, cell phone will be held in Dean of Culture's office until a parent picks up the phone.

Our goal is to help students develop more responsibility for gathering the necessary materials required daily prior to coming to school. Emergencies do not include a forgotten lunch, or torn or wet clothing. **Students will not be interrupted in their classrooms to receive telephone calls. In the event of a family emergency or urgent issue to communicate with your child, please call the school office.**

WCS Computer Acceptable Use Policy

Purpose

The Wissahickon Charter School (WCS) is providing its employees and students with access to computing equipment, systems and local network functions such as WCS e-mail and the Internet. This access has a limited educational purpose for students and is to facilitate employees' work productivity.

Wissahickon Charter has the right to place reasonable restrictions on the use of equipment, resources and material students and employees access or post through the system. Students and employees are also expected to follow the rules set forth in the WCS rules and regulations governing conduct, disciplinary code, and the law in their use of WCS's equipment and network. This access has not been established as a public access service or a public forum. All access and rights are privileges granted by WCS, and users should expect no privacy rights.

All WCS employees and students will have access to the Internet through the WCS private network. Parents may specifically request that their children not be provided such access by notifying WCS in writing.

Students in Kindergarten through second grade may be given a WCS email address, and third grade or higher will be given a WCS email address. WCS reserves the right to read the contents of the email account if there is cause for concern around the contents of an email communication. System Security Obligations

Users are responsible for the use of their individual access account(s) and should take all reasonable precautions to prevent others from being able to use their account(s), including coworkers, friends, or family. Under no conditions should a user provide his/her password to another person.

Attempts to log on to the WCS private network or any other network as a system administrator is prohibited. Any user identified as a security risk or having a history of violating this or any other Acceptable Use Policy may be denied access to the WCS private network.

Users will avoid the inadvertent spread of computer viruses by following the WCS virus protection procedures if they download software or share common file directory.

Users should immediately notify a teacher or system administrator of any possible security problem. Students will promptly disclose to their teacher or other appropriate school employee any message received that is inappropriate.

Filtering

As required by law and in recognition of the need to establish a safe and appropriate computing environment, WCS will use filtering technology to prohibit access, to the degree possible, to objectionable or unsuitable content that might otherwise be accessible via the Internet.

Due Process

Wissahickon Charter School will cooperate fully with local, state, or federal officials in any investigation concerning or relating to any illegal activities conducted through WCS's private network.

In the event there is an allegation that a student has violated WCS's Acceptable Use Policy, the student will be provided with a written notice of the alleged violation and will be provided with notice and opportunity to be heard in the manner set forth in the Student Hearing Process Policy. Disciplinary actions may be taken.

Administration

The Director of Technology has the responsibility and authority for the development, publication, implementation and ongoing administration and enforcement of the processes and techniques required to protect Wissahickon Charter Schools technology systems and services from unauthorized access, loss or misuse.

Covid-19 Policies and Procedures
Wissahickon Charter School, 2022-23

Last edited on 9/7/22

Priorities and Approach

As WCS begins the 2022-23 school year, our approach to managing and mitigating Covid-19 is shifting to place more responsibility on individuals. It is important to the health of the whole school community for every individual to be aware of these policies and to abide by them. Healthy communities must be re-created every day by the ethical actions and decisions of their members.

The practices herein have been designed in consultation with federal and local guidance.

Wissahickon's top priorities regarding Covid-19 are:

- To prevent the spread of Covid-19 through the use of masks as needed
- To safely minimize time out of school and maximize attendance so
- To return to pre-pandemic levels of extracurricular activities for students and community wide events

Note: The practices and approaches described herein are subject to change as the climate and knowledge of Covid-19 evolves.

Attending School:

Wissahickon Charter School asks all community members to revert back to pre-pandemic metrics for determining whether to attend school. If your child feels too sick to come to school, please keep them home. If your child has Covid-19 symptoms* but feels well enough to attend school, please test them at home and send them to school if the test is negative. If the test is positive, you must keep your child home and inform your child's teacher and the school nurse (Fernhill: fcnurse@wissahickoncharter.org; Awbury: acnurse@wissahickoncharter.org). If you do not have a test and your child feels well enough to attend school, please let your child's teacher know and your child will be tested for Covid-19 by the Nurse.

We will not send home a Symptom Screener (RUVNA) daily this year. Note that students may never attend school with a fever. All students must be fever-free for 24 hours before attending school. You are responsible for monitoring your child's health and following the recommendations listed above.

*Covid-19 Symptoms:

- Fever of 100.4 or higher
- Nausea/vomiting
- Diarrhea
- Cough
- Congestion/runny nose

- Chills
- Muscle pain
- Sore throat
- Shortness of breath
- Fatigue
- New loss of taste or smell

If your child displays or complains of symptoms at school, they will be sent to the Nurse's office for assessment.

Masks:

Recommended masks (N95, KN95, and KN94) along with proper ventilation are considered our best tools at stopping the spread of Covid-19. Wissahickon will use multiple factors to determine whether the community must wear masks or if masks are optional.

Masks at Wissahickon will be mandatory for everyone if/when any of the following are true:

- Philadelphia County's Covid-19 Community Level is High. You can check the level at the [CDC website](#). Note that this is not the same thing as the Community Transmission Rate.
- The School District of Philadelphia mandates masks for all of their schools. If the SDP determines guidance that results in some of their schools mandating masks, WCS will use that same guidance.
- Wissahickon has high levels of Covid-19, as advised by the Philadelphia Department of Public Health. Currently (as of 7/30/22), PDPH recommends 10 days of mandated masking when more than 5% of the school population has Covid-19.

Additionally, Wissahickon will mandate masks for all community members after breaks when students and staff may have experienced heightened opportunities for exposure to Covid-19.

Wissahickon will mandate mask wearing for two weeks at the following times:

- the first day of school (Thursday, September 1) through Friday, September 16
- the two weeks following Thanksgiving break
- the two weeks following Winter Break
- the two weeks following Spring Break

NOTE: All guests, vendors, and family members must adhere to the mask requirements of WCS at the time of their visit.

Finally, Individuals will always have the right to wear a mask. Further, Wissahickon recommends that anyone with Covid-19 symptoms wear a mask even if they have a negative test result.

Positive Cases of Covid-19 & Exposure Scenarios, Next Steps

Student A Has Covid-19

- If Student A is in the building and tests positive for Covid-19, staff will collect their belongings, isolate them, and send them home. Student A will need to be isolated at home for 5 days from the day after the date of the positive test. If they are asymptomatic and test positive and then symptoms develop, the 5 day isolation must begin again. For days 6-10, Student A may return to school wearing a mask and eating separately from others.
- If Student A tests positive at home, families must keep them home and call the school Nurse to report the date of the positive test. The above details regarding isolation also apply here.

Student A Has a Sibling at WCS

- If Student A lives with someone (e.g. a sibling) who is in the school, the Nurse will retrieve the sibling and test them. If they test positive for Covid-19, they will follow the same guidelines outlined above.
 - If the sibling tests negative, they will be considered to have an *on-going exposure*. Those who have an ongoing exposure can come to school but must wear a mask for the 10 days while the positive case isolates (5 days) and then masks (5 days). They must then mask for 10 additional days. This means they will be masking for at least 20 days.
 - If the child with ongoing exposure develops symptoms at any time during the 20 days, they should test immediately. If they test positive for Covid-19, they will follow the same guidelines outlined above. If they test negative, they can continue to come to school masked as long as they meet WCS criteria for attending school (e.g. no fever).
- Note: no student can return with a fever regardless of the dates and timelines referenced above.

Student A's Exposure to Others

- Everyone in the homeroom of Student A will immediately start wearing masks that the school will provide. The class will wear masks for a full ten days from the date of the positive test. This program is called Mask to Stay and allows students who are exposed to Covid-19 to stay at school rather than being quarantined at home.
- Contact tracing is no longer recommended by the CDC and Wissahickon will no longer contact trace. This means that WCS will no longer track down every person who has been in close contact (closer than 6 ft for 15 minutes or more within a 24 hour period) with Student A. We recognize that students have opportunities to be with others outside of the homerooms (e.g. through electives, small learning groups, the After School Program, extracurricular activities, and more) and that these are places where Covid-19 could potentially spread. We will focus on homerooms as exposures because this is the group with whom Student A has spent the most time and where exposure is most likely.
- Wissahickon has the right to determine on a case by case basis if anyone outside of a homeroom also needs to follow any exposure protocols.

- Note: if Student A was not in the building when they tested positive and has not been at school for 48 hours prior to the positive test, there are no next steps for anyone else as no exposure has occurred.

Student Work During Isolation/Quarantine: WCS will no longer provide special packets of work when students are isolated for 5 days with positive cases of Covid-19. In the scenario above, Student A would not be given any special work but could continue with existing class assignments if they felt healthy enough to do so.

Community Communication:

WCS will work to communicate in a timely manner with all stakeholders about Covid-19 on an as needed basis.

- Families of students who are being assessed and/or tested by the Nurse will receive a direct phone call. In the scenario above, Student A's family would receive a direct call.
- All families whose children are in Student A's homeroom will receive a message through ClassTag that their child needs to wear a mask for 10 days from the date of the test. No information will ever be shared about who has tested positive for Covid-19.
- All staff will receive an email to share that the homeroom is now mandated to wear masks. Again, no information will be shared about who has tested positive for Covid-19.
